Subject: Time to Connect? BID Wide Wi-Fi

Suzanne,

Hope you're well and was curious if we could connect in the coming week or two to discuss Wi-Fiber's next generational city-wide wifi capabilities. In recent months, we've finished deployments across the nation and would love to discuss how we could work with your BID to setup BID-wide coverage similar to that seen in [Ballston, Virginia](#).

Looking at your calendar, do you have any availability in the coming week or two for a quick telephone intro?

Please let me know what works and I'll send a calendar invite.

Best,
Chase
